When class commences the rolls are marked and those not present are followed up by the Cultural Support Teacher/ Chaplain using various means. An attempt is made to locate the student to ascertain the reason for non-attendance, or visits are made to the family home to discuss with parents the possibilities to assist future attendance.

Student attendance is important in providing new knowledge, learning and socialization for our students, and is therefore seen as imperative to positive student outcomes. FaCE (Family and Community Engagement) provides support to the family and students of the College who may find school attendance difficult. It has been developed by the Australian Government as part of the parental engagement project to strengthen family and community engagement in student learning and the life of the school.
